9 February, 2018

Housing and Malaria Work Stream - Summary

Co-chairs: Professor Steve Lindsay and Dr Lucy Tusting
Broadening the work stream

Change from:

Malaria and housing

To....

Vector-borne diseases & the built environment
Review of Work Plan 2017-2018

1. Support the development of housing and VBD recommendations
2. Strengthen links with the housing sector
3. Encourage basic and applied research on VBD & the built environment
4. Information exchange (including news updates)
Review of Work Plan 2017-2018

BOVA Network
Building Out Vector-borne diseases across sub-Saharan Africa

- **Major new project to bring together** those working on VBD and the built environment, focusing on malaria and *Aedes*-borne disease in sub-Saharan Africa.
  - **Interdisciplinary network** - architects, economists, policy makers, urban planners, development practitioners AND entomologists/epidemiologists
  - **Substantial funding for research** on VBDs and built environment
  - **Information exchange platform** through web and social media @BovaNetwork
We’re having our first network meeting on 28th March in London! All welcome! Travel bursaries available

Sign up to attend via:
www.bovanetwork.org

@bovanetwork
Review of research in progress

1. Uganda survey demonstrating that after IRS modern housing is protective against malaria (Tusting et al. Lancet Planetary Health in press)

2. Newly-designed South-East Asian-style houses were protective against malaria vectors in Tanzania (Von Seidlein et al. Lancet Planetary Health)

3. Fundamental studies on the relative attractiveness of different rural housing typologies to malaria vectors in The Gambia (Jatta et al., unpublished)

4. Pilot testing a new screened door in The Gambia (Intellectual Ventures, Global Good)
Discussions

- Outreach to the housing sector
- Broadening engagement to Latin America and South East Asia
- Involvement of individual work stream members
Draft Work Plan 2018-2019

1. Strengthen links with the housing sector
2. Encourage basic and applied research on VBD & the built environment
3. Information exchange
### Project 1: Strengthen links with the housing sector
